Tom Calne  
Chris Gjernes  
Fulcrum Development

To Whom This May Concern:

It is my distinct pleasure to recommend the building team of Tom Calne and Chris Gjernes of Fulcrum Development.

Fulcrum Development was contracted by my brother, Sandy Boa, of Toronto, to work with me on the construction of a first class, new home, in the prestigious Nicklaus North, at Whistler, B.C.

From its start to completion, Fulcrum Development proved to be the right choice for this project. Chris has extensive building experience and worked well leading a strong team of subcontractors, who efficiently completed this project on time and on budget. Tom worked with my brother, who is a banker, overseeing the accounting and financial requests, including monthly statements.

Tom and Chris both delivered their knowledge and enthusiasm to this project with every interior design challenge including new materials, custom finishes and several subcontractors, who I brought to the jobsite.

The result is a formidable home in one of the world's most unique settings.

Both Sandy and I wish Fulcrum Development success in all future endeavours and would be pleased to speak with anyone interested in contracting Tom and Chris.

I look forward to working with Fulcrum again in the future.

Yours truly,

Anne Boa
